- 4 ☒ Interview Summary (PTO-413), Paper No. 16203
- 6 ☐ Examiner's Amendment/Comment
- 8 ☒ Examiner's Statement of Reasons for Allowance
- 9 ☐ Other

## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 44-69 are allowed.

The following is an examiner's statement of reasons for allowance: Although it is known in the art to employ contact fingers and multilayered handles which may comprise graphite, there is no disclosure of such a handle disposed between the ends of a sleeve/tube, particularly a heater tube. Such handles are typically attached at one end or the other. See Kosslow et al. (USPN 5524809), Lichtenstien (DE 3929585 A1) and Cowell (USPN 5329085). When the handle is releasable and placed between the ends of the sleeve, the handle opening is not along the centerline of the handle. See Oki (JPN 53-118254-A).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kurpiela et al. (USPN 6215104 B1, temp sensor, fingers) and Claghorn et al. (USPN 4700031, replaceable handle).
